### *From the Editor's Desk*

I am privileged for getting the opportunity to serve as the Editor for the year 2020-21 of IWC IEM and publish our newsletter PRARAMBH on behalf of all my associates of Inner Wheel Club. I don't have enough words to express my excitement for the same.

I take this opportunity to express my gratitude to our President and her team for a successful year. I extend my best wishes to our new president and her team for a glorious year ahead.

The pandemic has forcefully made us all tech savvy and we are all trying to cope with all the changes around us. In the time of the new normal our priorities have changed. Each of us, in our own way is trying our best to help in whatever way possible. As an individual our capacity is limited, but collectively we can extend our help and support to the needy and down trodden section of the society in a larger way.

This year's Inner Wheel theme "**LEAD THE CHANGE**" is apt in every way. Along with our lifestyle, everything has changed around us. We should welcome the good changes and become the torch bearers to change this world and make it a better place for mankind.

I take this opportunity to thank all the Inner Wheel dignitaries for their encouraging messages and good wishes.

Thanking you,

**Sohini Datta**

**Editor 20-21**

### *From the President's Desk*

The wheel has started rotating. However this Inner Wheel year began with the challenges of Covid 19 pandemic. Inner Wheel, I firmly believe, gives us the platform to Lead the Change and each adversity is an opportunity to serve, to kindle the light of HOPE.

I thank Inner Wheel Club of IEM for giving me an opportunity to spend another year in service to humanity.

I thank the members of I.W.C. IEM for their support in executing all the projects we have so far undertaken, their bonding inspires me to dedicate myself humbly to serve.

### **LEAD THE CHANGE**

Inner Wheel is the largest Women's Voluntary Service Organisation in the world, very soon ready to celebrate our centenary year in 2024. In the last 96 years, times have changed, needs have changed, humanitarian problems have changed, technology has changed and requirement of infrastructure is totally changed. Inner Wheel has been accommodating changes since years. However, we need to keep pace with the changing times. In fact, we need to have a vision to remain one step ahead of the coming changes.

However, it is we, members of Inner Wheel, who have to ultimately take initiatives and adopt a structured approach to continue fulfilling our programs and ideology.

We need to make a n i m p a c t internationally by focusing on sustainable large community development projects, making larger clubs and branding of Inner Wheel in the public through our work.

Inner Wheel is being represented in the United Nations on the Commission for Status of Women and Girls. From time to time, United Nations has been giving recommendations to NGOs on which we need to work. UN has lot of expectations from us to cooperate and help in implementing programs as per their guidelines, with special emphasis on Youth, Women and Senior Citizens.

Inner Wheel needs to implement the recommendations of the UN to bring about change in our community development programs.

We need to lead the **change in:** our thinking, attitude, working, interpersonal relations, communication, publicising our brand of Inner Wheel, growth of our organisation both financially and in membership strength and cooperating with other like-minded organisations by

establishing networking.

### ***As we head for the centenary year, let us lead the changes in***

- Having our own Organisation's Strategic Plan and Goals
- Targeting Membership Growth
- Targeting increase in Number of Clubs
- Initiating Youth Clubs (18-25 age group)
- Initiating Youth Development Project for Girls (12-25 age group)
- Focusing on Projects on the recommendations of the United Nations
- Promoting brand image at club, District and International levels
- Creating awareness about health, financial independence and education in our own members and among the women everywhere
- Short listing like-minded cooperating organisations and establishing communication with them
- Working for collective leadership
- Executing Corporate International Projects

If we have to achieve all this, we need to lead the positive change by empowering our own members by guiding, recognising them as leaders in their own rights and accepting and believing in their leadership.

Then only we, the proud members of such a wonderful organisation, can contribute more effectively in developing and bringing a ray of hope in the lives of the needy and underprivileged. We are privileged to have the opportunity to serve those who need us.

Let nothing stop us in becoming a force to reckon with in the world.

Let us then LEAD THE CHANGE collectively to bring about positive, significant and meaningful difference in the world.

*The World is waiting for us....*
