How to read this table. Each cell gives the credits in that course category for that semester, as the range across all ten UEM programmes (B.Tech ECE, EE, EEE, ME, Biotechnology, CSE/IT & Allied, BBA, BCA, BHTA/BHM); a single value means every programme carries the same credits, and a blank cell means no credits in that category. Teal rows are cumulative credits at each exit level. The Total column is the range of the semester-wise totals stated in the UEM course structure. Programme-wise figures are on the next pages.

Exit levels. Certificate after Semester II, Diploma after Semester IV, Graduate (Bachelor's degree) after Semester VI and Graduate (Honours) after Semester VIII, following the NEP 2020 multiple entry–exit pattern. Semesters I–II are the Common First Year for ECE, EE, EEE, ME and CSE/IT & Allied; Biotechnology, BBA, BCA and BHTA/BHM follow their own first-year structures.
